

REDUCE VEHICLE ACCIDENTS ENHANCE ROAD SAFETY *with*

eTrans ADAS (Advanced Driving Assistance System)

eTrans ADAS sets the benchmark in automotive innovation. An effective blend of safety, convenience and efficiency, eTrans ADAS assists drivers with safety-critical functionality to reduce accidents and save lives.

BENEFITS

ALERT TYPES

Forward Collision Warning (FCW)

Pedestrian Collision Warning (PCW)

Lane Departure Warning (LDW)

SPECIFICATIONS

Machine Learning Capabilities:

ADAS systems continuously analyze and convert complex data patterns to detect obstacles.

Human-Machine Interface (HMI):

Driver interface through auditory alerts and haptic feedback for seamless driving experience while minimizing distractions.

Control Systems:

Advanced control systems such as Forward Collision Warning (FCW) and Pedestrian Collision Warning (PCW) for enhanced safety and convenience.
