Technical Specification: eTrans DISHA B4.1 GPS Tracker

COMPACT & VERSATILE

Small size (85x45x15.7mm) and wide voltage (9-80V DC) fit motorcycles to trucks.

MODULE

Series	DISHA
Model Name	DISHA B4.1
Technology	Advance tracking system / GSM / GPRS

OPERATING SUPPLY

Operating Voltage	DC 9 to 90 Volts
Operating Current	Less than 50 mAh
Reverse Polarity Protection	Yes

BATTERY

Backup	30 minutes
Battery	3.7 Volts / 55 mAh
Battery Voltage Detection	Yes

INFORMATION FEATURES

Vehicle	Mobilizer / immobilizer
Alerts	Main Power Connect / Disconnect
	Tamper Alert
	Emergency Alert
	Geofence
	Over Speed
	Harsh Acceleration
	Harsh Break
	Ignition on/off
Device Tamper	

Other Features
